

## **Mission**

Cavan Institute's mission is to deliver excellence in further education so that learners, staff and the wider community can achieve their potential.

## **Vision**

The Institute is committed to:

- Providing nationally and internationally recognised programmes of study that bridge the transition to work or higher education
- Fostering a caring, inclusive and responsive learning environment and a culture of innovation and collaboration
- Promoting and providing access to lifelong learning
- Enhancing the social, economic and cultural development of the region.

## **Strategic Goals 2012-2016**

- 1. Education Offering:** We will provide quality-assured education programmes and deliver a diverse, needs-led curriculum, which supports progression, meets current/future labour market demands and can be accessed through modes that suit individual learners.
- 2. Student Experience:** We will provide a supportive educational environment and a high-quality, holistic learning experience for every one of our students to enable them to fulfil their personal goals and potential, and to become knowledgeable, skilled and confident graduates.
- 3. Organisation Capacity:** We will strive to strengthen our position as a leading provider of further education, to achieve efficiency and quality in what we do, and to support the development of college facilities, resources and staff.
